EAST COAST BRAKE REBUILDERS

ECB23 FF Premium

- Resistant to wheel end contamination
- Medium to high friction asbestos-free brake block
- Smooth, noise-free, stable stopping power over a wide range of temperature, pressure and speed variations
- Cost-effective due to extended lining life
- Ideally suited for demanding stop and go service
- Low thermal expansion provides excellent compatibility with automatic brake adjusters
- High performance on buses, trucks, tractors and trailers

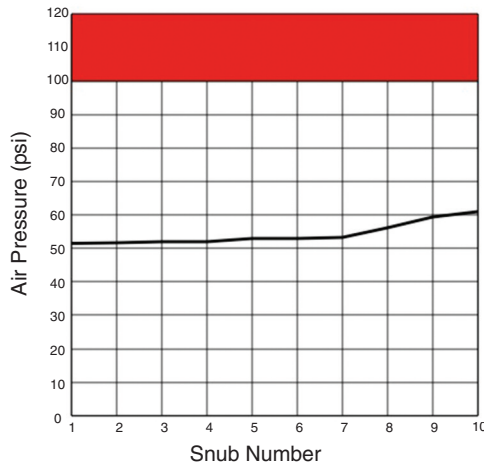

Brake Effectiveness

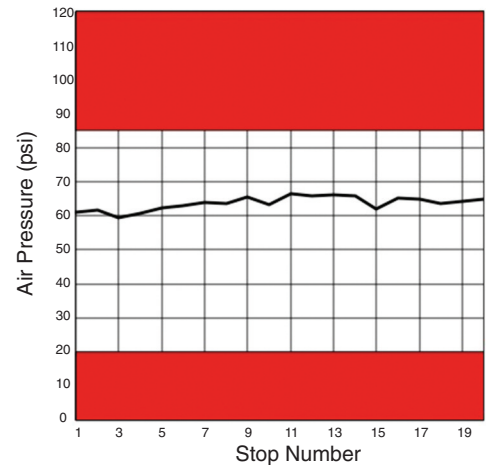

Shaded area indicates non-compliance
